Hear from our customers

"Now that we've launched ELMO, payroll processing time has decreased by 75% compared to our old system, which adds up to over 10 hours per month in saved time."

Peter Legg, CFO at South Sydney Rabbitohs

"Our payroll was quite a clunky process and so if we had someone who had an issue that needed to be solved right away, we simply couldn't do it. [Now] we've got complete transparency and that means we can be very autonomous."

Mark Lulham, People and Culture Manager at Star Aviation
